Why it Matters

It's not just about protecting data—it's about helping to protect what you've worked hard for. The impact of a cyber breach extends beyond downtime; it can result in:

- loss of customer trust
- legal repercussions
- financial instability

~1/2

of all cyberattacks target Small-Medium Businesses (SMBs).

-Small Business Administration

350%

more social engineering attacks are experienced by SMBs than large businesses.

-Verizon

\$427

is the average **cost of IT downtime** for SMBs **per minute**.

-Atlassian

12 Work Days

are wasted annually due to technical issues disrupting productivity.

-Samsung
